

The Willows Primary School Sports Premium Information

2017 -2018 Outcomes

At The Willows Primary School, we recognise the contribution of PE to the health and well-being of the children. We believe that an innovative, varied PE curriculum and extra-curricular opportunities have a positive influence on the concentration, attitude and academic achievement of all our children.

Our Primary School Sports Funding will enable us to continue and extend our provision through employing additional sports professionals, entering into more competitive sports competitions and training our staff to deliver in-house quality PE sessions.

What is the Sports Premium?

The government is providing funding of £150 million per annum for the academic years 2013/14, 2014/15 and 2015/16 to provide new and substantial primary school sports funding. The funding is being jointly provided by the Departments for Education, Health and Culture, Media and Sport, and will see money going directly to primary school Headteachers to spend on improving the quality of sport and PE for all their children. Each school will receive £8,000 plus an extra £5 per pupil each year for the next two years - here at The Willows Primary School that will mean over £9,000 a year. The money can only be spent on sport and PE provision in schools.

Purpose of the funding

Schools will have to spend the funding on improving their provision of PE and sport, but they will have the freedom to choose how they do this.

Possible uses of the funding include:

- Hiring specialist PE teachers or qualified sports coaches to work alongside primary teachers when teaching PE
- New or additional sport clubs
- Paying for professional development opportunities in PE/sport
- Providing cover to release primary teachers for professional development in PE/sport
- Running sport competitions, or increasing participation in the school games
- Buying quality assured professional development modules or material for PE/sport
- Providing places for pupils on after school sport clubs and residential visits
